

FIRESIST®

FIRESIST® awning fabric combines state-of-the-art flame retardant performance and UV resistance for the commercial awning, canopy and shade markets.

Fire Retardant

FIRESIST® delivers a state-of-the-art combination of flame retardant performance and UV resistance that exceeds industry standards.

Weather Resistance

With over 100 years of outdoor awning experience, Glen Raven has engineered new coatings and finishes to maximize water repellency, sunlight resistance, and ease of cleaning.

Color Retention & Strength

The deep, rich colors and robust durability of FIRESIST deliver long lasting good looks to any application. Plus, workability improvements make cutting, sewing and welding easier than ever.

Recyclable

Recycling is an important part of our commitment to sustainability and the environment. For over 20 years, Glen Raven has recycled fabric and manufacturing waste into industrial products such as felt, insulation, and padding. [Recycle My FIRESIST »](#)

Styling

The new FIRESIST color palette focuses on popular solids, tweeds and stripes.

Cleaning Instructions

FIRESIST is easy to maintain. It can be washed, or simply brushed and rinsed. Proper care and cleaning will help keep FIRESIST looking great.

For normal care and cleaning add two (2) ounces of mild soap (such as Woolite, Dreft, Ivory) to one (1) gallon of lukewarm water. Clean fabric with a soft-bristle brush. Rinse thoroughly with cold water and air dry.

For stubborn stains, add up to half (1/2) cup of bleach to one (1) gallon of water. Spray lightly on the fabric. Do not soak. Rinse immediately. Prolonged exposure to harsh chemicals can impact the fabric coating.

Cleaning with harsh cleaners such as bleach may require a re-treatment for restoring water repellency. Glen Raven recommends 303 High Tech Fabric Guard for FIRESIST fabrics.

Warranty

This limited warranty is valid only if a copy of the invoice for the item purchased is submitted showing the date of original purchase.

What is covered? This limited warranty covers the fabric becoming unserviceable because of loss of color or strength from normal usage and exposure conditions, including sunlight, mildew and atmospheric chemicals. Consumer is responsible for normal care and cleaning of the fabric. This warranty covers fabric only. Glen Raven's liability is expressly limited to this warranty.

How long is the coverage period? FIRESIST limited warranty coverage runs for five years (60 months) from the date of original installation.

What will Glen Raven do? Glen Raven will grant an allowance equal to 1/60th the original purchase price for each month remaining in the five year warranty period towards the purchase of all fabric required to produce a new duplicate awning.

How can you get service? Call the dealer or retailer from whom you purchased the product, to inspect the claim. They, in turn, will contact the manufacturer of the item purchased. The manufacturer will then contact Glen Raven and secure replacement fabric for you.
